

Configuration of VPN in Windows (SSL)

Author: IT Services

Date: 16/08/2023

Objective: Configuration of VPN (SSL) network in Windows.

Index

Configuration	. 4
Introduction	. 3
Uninstall older version	10

Introduction

This document has the main goal to explain the process of configuring the access to VPN (SSL) wireless network on Windows environment.

Configuration

 If you have a Sophos SSL Client already installed, please go to "Uninstall older version" topic before continue the installation of this version. Access to: https://vpnsslims.novaims.unl.pt:4443 , and login with your credentials (same as all institutional portals) .

2. Select "VPN " and then choose in Sophos Connect client section "Download for Windows" and choose in VPN configuration section "Download for Windows".
